By a score of 25 to 23 the Wheaton basket-ball team defeated the Saints in fast and furlous game played at the Armory last evening. The visitors played a magnificent game, and clearly had the est of the locals. But the L. D. S. U. did good work, and only went down to dofeat after a most desperate struggle. The first half ended with a score of 15 to 14, in favor of Sait Lake. Wheaton began the second half with a rush, tied the score and slowly but surely forged ahead to interest.

and slowly but surely forged ahead to victory.

The game did not begin until long after the appointed time because of a dispute over the selection of officials. Burtner, the physical director of the Y. M. C. A., who comes from Chicago, was agrecable to both sides and was selected as referee. The dispute came in the selection of an umpire. The locals wanted Stewart and objected to Brown of the Wheaton team. Neither side would give in at first, but after a long discussion Brown was allowed to go on. His decisions did rot meet with entire favor, and on one occasion the crowd hissed and yelled at him so that the game had to be stopped for a moment. Eleven fouls were called on the visitors, nineten on the locals. But despite this fact, Wheaton won the game, and should be given all credit.

When it finally dropped into the net the crowd, already standing cheered tumultuously. Joe Smith played a hard game and did good work at center. He scored two baskets during the game.

After another fierce serimmage he dropped the ball in the basket and put his team two points to the good. MARVIN HART

But Can't Show Against Jeffries,

Gets Decision Over Johnson, Who Manages to Clout Him Badly.

White Man, Says Greggains, - oes All Leading, and Forces Fighting.

March 28.-Marvin Hart was awarded the decision over Jack Johnson in a twentyround contest tonight that went the limit but he was far from demonstrating that he is qualified to meet Jim Jeffries.

Hart was as badly punished man as has been seen in the ring for a long time has been seen in the ring for a long time, but he was game to the core and kept bering into the big colored man all through the fight. Johnson's much-vaunted eleverness did not count for much. While he was able to hit Hart frequently, his blows did not seem to damage the white man from Kentucky.

Crowd With Hart.

The sympathies of the large crowd present were openly with Hart, who was the short-ender in the betting, and every lead he made at Johnson, whether he landed or not, was greeted with yells of joy. Hart did manage to deal the only effective blow in the eleventh round, when he landed a right swing on Johnson's jaw that staggered the black man and nearly knocked him over.

Does All Leading.

Referee Greggains stated that he gave the decision to Hart because all through the fight Hart did all the forcing and leading. According to Greggains, if Hart had not pursued his tactics there would have been no fight, as Johnson merely contented himself with countering. Hart's face was battered to a pulp, but Johnson's blows did not seem to have much sting to them. Johnson did a great deal of uppercutting, but Hart covered up and the blows did not seem to hurt him.

No Show With Jeff

The general opinion of these who witnessed the fight was that neither man would stand any chance with Jeffries. The champion would probably beat them both in the same night.

Jabez White, who arrived yesterday from England to fight Jimmie Britt, was introduced prior to the main event and said he was glad to arrive here at last, and that before he left would try to give a good account of himself.

Battling Neison also appeared and said that he would fight Britt at any old time. Britt did not appear, and it was stated that he was in the country.

Practice, beginning this afternoon, will be kept right up until Zions aggregation goes forth to cross bats with Spokane April 25. Good exhibition games are being secured, and the finns will have plenty to keep them talking before the beginning of the season in Salt Lake.

At the same time other cities in the league are getting their players together and on all hands is heard talk of managers and their new finds. None of the magnates, however, seem to have displayed the alacrity Relliey has in rounding up his live stock and getting them down to their paces. So far as practice goes Salt Lake will probably enter the season as well if not better situated than her rivals for the pennant.

Manager Shoutz does not think that Salt Lake's team will have much the best of the Eureka line after the latter has had an opportunity of 'building up' somewhat. The members of the local team have not started practicing yet because of the bad weather which has prevailed here for some time, but they expect to get to work inside the next two weeks, and from present indications this camp will have a stronger team this year than last season, when it walked off with the amateur championship of the State. off with the amateur championship of the State. Petition New York Attorney-General to Begin Action Against Equitable.

ator Edgar T. Brackett of Saratoga today filed with Attorney-General Mayer a petition asking leave to begin an action in the name of the people for the removal from office of James H. Hyde and Jacob schiff, of New York, and such other di-rectors of the Equitable Life Assurance society as may be proved guilty of mis-conduct toward the interests of the policy holders of the Equitable. The petition is brought in the names of Senators Brack-ett and others from Saratoga, as policy holders.

The petition alleges, on information and bellef against Mr. Hyde, that the ball recently given by him in New York, and also his trips to Europe, were really at the expense of the Equitable society rather than of Hyde himself; and against Mr. Schiff that he sold bonds to the society while himself a director.

It has been held by the courts that in such cases policy holders may not bring action in person, but must proceed through the Attorney-General, as in the present case. Attorney-General Mayer
